OP satellite rehab office/ sq. ft	no	OP satellites- 3 and (1 more in 2015- Audiology only sq. footage not avail)	ST has a satellite clinic with one therapist full time.	9 ranging from 5000 sq ft. to 15000 sq ft.	1 existing-5 staff, 1 in process-5 staff	2 OP satellites. One can hold up to 4 FTE for OT and one only 3 FTE's for OT. Currently not at full staffing at this time.	N/A	2 clinics (considering a 3rd) sq. ft. unsure, 3 staff offices sharing 4 therapists, 10 treatment rms, bathrooms, waiting area, reception area	OP clinic is off site from the hospital, for adults and peds its about 12000 sq ft. Peds is under renovation and will have about 6000 sq ft. Another location about 30 miles away as well. We have orthopedic gym which is about 12000 sq ft and another 1200 sq ft for peds developmental programs.	OP serviers are located at a campus separate from the hospital but no satellites	1 satellite 1654 sq ft, located in a community owned building that has a pool, indoor walking tract and exercise equipment such as treadmill.	9 OP locations around the XXX metroplex, staff ranges from 8-30	NONE	6 off site facilities. Our largest has 12 employees (OT,OP,ST) and the smallest has just one employee- speech in with a physician practice.
Multi-hospital projects/ research w/ other hospitals	Many of our staff are involved in research with several other depts. We have collaborating sites participating on some of our institutional protocols.	No multihospital. Audiology involved with Pulmonary Dept. (CF) for research study.	No	Currently involved in 2 projects with Cincinnati Children's and we also have a NIDDR research project. We also work with area universities on research.	3 yr multi-center study pertaining to outcome measures for pediatric SCI IP & day rehab patients	No	Clinicians involved in research through specific programs, ie. Neuromuscular	No, but would be interested, especially for best outcomes.	No	No	No	involved in several quality collaborate initiatives in the state and around the country. There are periodic research projects done by rehab staff in conjunction with XXXX	Multi hospital projects/ collaborative research with another hospital, currently involved in 4 active studies. Hospital research- currently involved in 3 active studies	Not currently involved in any research with another hospital, but we are internally involved with research. We have a PT who works with orthopedics in all research- it is 80% of her role. We are a part of research with our ophthalmology dept., dept of pediatrics, neurology dept., and physiatrists.
Who covers in aquatic tx? (Witwer Children's Therapy only)								OT's, PT's, and SLP's all trained in aquatics						
Is your pool at hospital or off site?								Off site, we rent pool time						
Is your feeding clinic OP or IPT?								OP w/ OT,SLP,Dietician, physician and RN						
Do ST's or OT's provide the therapy?								Both are trained						
Social worker or child psychologist in clinic/program?								Contract out 8hrs of counseling per week (trial period)						
How many children do you provide feeding therapy for each month?								2, because we meet once a month and do complete work up one at 9:30 and one at 1:30 (OT,SLP, Dietician and Physical)
