

Fostering Cultural Sensitivity: Opportunities and Challenges in Pediatric Rehabilitation

August 2, 2016

Dr. Maurit Beerli

Group Discussion Questions

1. How is our organization currently addressing the issue of cultural sensitivity and awareness?
2. What ways could this be expanded or improved?
3. Are there cultural groups within our community or organization that require special attention and sensitivity?
4. Is there education that needs to occur?
5. Who do we need to get involved?
6. What resources would be needed to implement changes?
7. How can we increase awareness among our leaders and staff?
