Documenting Total Time/Start Time/Stop times

Hospital	Documents time for untimed codes	Documents total time for timed coded	Documents start and stop time for time codes	Comments
A	No (except for speech therapy)	Yes	No	
B	No	Yes	No	Moving to breaking out time spent per CPT code. They also do total time and break down of time spend when billing mix of timed and untimed codes
C	Yes	Yes	Yes	Also documents procedures billed
D	Yes	Yes	Only start time	Total time is per code billed
E	Yes	No	Yes	Does it for all codes, too confusing to vary process
F	Yes	Yes	No	Easier to operationalize if consistent and they sometimes use data to determine if they have the right value on non-time based codes for budgeting and staffing.
G	Yes	Yes	No	
H	Yes	No	Yes	Document start and stop times for all codes due to the way they track productivity
I	Yes	Yes	No	Document total time of therapy and have charges compatible with time in therapy. Blend of timed and non timed.
J	Yes	Yes	Yes	
K	No	NA	NA	They are only speech and don't use any timed codes
L	Yes	No	Yes	They do not isolate out the start and stop time for each procedure
