Sponsored by KLS Martin

This agenda is subject to change.

General Information

Omni Hotel at the Battery Atlanta
2625 Circle 75 Parkway Southeast
Atlanta, GA 30339

A group block has been reserved at a rate of \$199 per night (plus taxes) for a standard room. To make reservations, <https://www.omnihotels.com/hotels/atlanta-battery/meetings/craniofacialcleft-palate-10252019>. Reservations should be made as soon as possible, and no later than October 1, 2019 to guarantee this reduced rate. All reservations made after October 2, 2019, will be based upon space and rate availability.

Course Description

The purpose of this conference is to update pediatric primary care and family practitioners about the latest information regarding medical conditions that affect pediatric and adolescent patients, and recommended treatment options.

Who Should Attend

The conference will benefit pediatricians, family practice physicians, speech and language pathologist, physician assistants and pediatric nurse practitioners. Nurses and other health professionals involved in the care of children may find the information useful and are welcome to attend.

Objectives

At the conclusion of this activity, participants will be able to:

- Describe current techniques for surgical repair of defects associated with cleft lip and palate and other craniofacial syndromes, with emphasis on optimal aesthetic and functional outcomes.
- Describe two current methods for total ear reconstruction, including the benefits and risks of each procedure.
- Understand the various assessment tools for feeding in newborns with cleft lip and palate as well as options for improving feeding performance.
- Understand the utilization of MRI in current and future assessment for speech and velopharyngeal function.
- Identify current evidence-based speech therapy strategies for children with cleft lip and palate.
- Identify dental management including general dental health in children with craniofacial defects including cleft lip and palate.
- Identify orthodontic management techniques in children with craniofacial defects including the use of presurgical NAM devices for cleft lips.
- Define ways to integrate supportive measures for speech, feeding, psychosocial and other difficulties associated with craniofacial defects.
- Appreciate the journey from a patient's perspective as they proceed through the various stages of management from early childhood through adolescents.

Continuing Education Credits

Physician Education

Children's Healthcare of Atlanta is accredited by the Medical Association of Georgia to provide continuing medical education for physicians.

Children's designates this live activity for a maximum of 9.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Education

This activity has been submitted to Children's Healthcare of Atlanta to provide contact hours. Children's Healthcare of Atlanta is an approved provider of continuing nursing education by the Alabama State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

General Information

Contact hours: 9.0

Children's Healthcare of Atlanta resolves to ensure that its educational mission, and particularly, its continuing medical education activities are not influenced by the special interests of any corporation or individual associated with its program. While having a financial interest or professional affiliation with a corporation does not necessarily influence a speaker's presentation, the standards of the Accreditation Council for Continuing Medical Education require that this relationship be disclosed to the audience. Any potential conflict of interest will be made known to participants at the beginning of the conference.

Approved provider status does not imply endorsement by the provider, ANCC, or GNA of any products displayed in conjunction with this activity.

All programs are intended to be accessible to all persons. If you have a disability and require assistance to fully participate in the conference activities, contact the conference coordinator to discuss your specific needs.

Speech Language Education

Children's Healthcare of Atlanta is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for .9 ASHA CEUs (Intermediate level; Professional area)
