TOUCH CHAT
BASIC OPERATION AND CUSTOMIZATION

PRESENTERS: Mickey Rosner, CCC-SLP, ATP and Jason Dwyer, MA, CCC-SLP

WHERE: CHOA Office Park: 1680 Tullie Circle, Classroom 5

WHEN: Thursday, March 2 from 4:30-7:30 p.m.

CEU's: 3 contact hours will be provided to professionals who attend

Description:
- This session targets understanding the features and options of TouchChat (an application to support communication needs for the iTechnologies), as well as learning to customize the vocabulary, back up, and use of iShare.

Learning Objectives:
At the conclusion of the session, the learner will be able to:
- navigate between different vocabulary options and duplicate them for modification
- modify buttons for customization
- select and customize various setting options
- backup and restore customized vocabulary
- discuss different in-app purchases

Registration:
- FREE for CHOA employees; $25 for others
- Register today at **www.eply.com/TouchChat2017**

PARTICIPANTS ARE ASKED TO BRING THEIR IPAD WITH TOUCH CHAT LOADED ON IT.
