

Pediatric to Adult Health Care Transition Summit

An event to transform the youth patient and family experience in pediatric to adult health care transition.

Thursday, June 13, 2024
Register to attend in person or virtually before May 30
Holiday Inn & Suites St. Cloud, an IHG Hotel
75 37th Avenue
St. Cloud, MN 56301

Summit Overview

The Pediatric to Adult Health Care Learning Collaborative Summit will offer participants valuable insights into enhancing programs and overall state practices regarding pediatric to adult health care transition (HCT). This progress is urgently needed to support the growing number of youth with special health needs aging into adulthood.

After attending this summit, participants will be able to:

- Describe the value and need for youth and family engagement during HCT.
- Analyze evidence-based resources and apply tangible skills in the implementation of HCT processes within your own organization.
- Employ trauma-informed care and health equity principles into HCT processes.
- Gain insights from other organizations, nationally and from Minnesota, who implemented the Six Core Elements of Healthcare Transition.

This summit is hosted by Gillette Children's in collaboration with The COPIC Medical Foundation, Got Transition, and the Minnesota Department of Health.

Target Audience

The Summit is open to those interested in advancing pediatric to adult HCT. This includes pediatric/adult clinicians from any setting, family advocates, insurers, policymakers, health system and health administrators, and more.

Continuing Medical Education (CME) Credit:

Gillette Children's is accredited by the Minnesota Medical Association (MMA) to provide continuing medical education (CME) for physicians and takes responsibility for the content, quality, and integrity of this educational activity.

Gillette Children's designates this hybrid activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Transition Summit Topics:

- Incorporating Youth and Family Experience to Ensure Patient and Family-Centered HCT
- Applying Principles of Equity and Trauma-Informed Care into Practice
- Lunch + Learn: Happenings at the State and National Level
- Innovation and System-Wide Incorporation of HCT Initiatives Across Minnesota and the Country
- Breakout Discussions: Moving the Dial on HCT in Your Setting
