

Hospital System	Where is your program located within this hospital system (specially what floor?)	Do you have emergency evacuation equipment available ?	If yes, what pieces of equipment (EvacuTrac chair, MedSled, etc...)
ORG A	9th floor	Yes	EvacuTrac Chair and MedSled
ORG B	lobby level, no steps	Yes	
ORG C	7th floor	Yes	Stryker evacuation chair, Paraslyde
ORG D	3 <sup>rd</sup> floor	Yes	We have the MedSled and the Stryker Evacuation Chair (see picture below of them hung in the hallway outside of one of our stair towers). *
ORG E	6th and 7th floor	Yes	Stryker Chairs
ORG F	3rd floor	Yes	MedSled and Stryker Chairs
ORG G	6th floor	Yes	MedSled and Ferno stair chair
ORG H	We have both IP and OP programs that are in multi-floor buildings and most of the patient programs are above the first floor	Yes	Med Sleds, Stryker Chairs and Medical Litters.
ORG I	2nd	Yes	MedSleds
ORG J	5th floor	Yes	MedSled and chair

\*Of note: The Stryker chair has specific requirements about the width of the stairwell/size of the landing, which limits its usage to only one of our three available stair towers ... might be good to do
